

Casting Call

Stitch It Up

Local Grindz

You're invited to attend the *Big Island* **TEEN HEALTH CAMP**

INTERESTED IN HEALTH CARE?

Resident Doctors from the **Hawaii Island Family Medicine Residency Program (HIFMR)**, other health professionals, students, and community health partners want to spend the day showing YOU what they *actually* DO! Middle and high school students are invited to an exciting day of healthcare activities. The camp is **FREE** and lunch is provided. Space is limited, so register now! Come spend the day learning and networking with medical students, health professionals, and community organizations!

Beginning Level Workshops

- Casting Call**
Make a mess while you put an actual cast on another participant!
- Stitch It Up**
Use real medical tools to suture a deep gash on a life-like arm!
- Local Grindz**
Find out what's *really* in your food!
- Infectious Disease**
What are your chances of getting Zika?
- Clinical Skills**
You be the doctor! Use the tools physicians use every day to check heart rate and reflexes!
